

## Social Studies Education (Entering with NYS Initial Certificate)

### Master of Arts

(Fulfills the academic requirements for Professional Certification for those who completed Social Studies 7-12 in their undergraduate programs)

The M.A. Program in Social Studies Education (grades 7 – 12) offers two distinct programs. The first program is for candidates seeking both Initial and Professional Certificates, while the second program is for candidates seeking only the Professional Certificate because they already completed the Initial Certificate as an undergraduate student. The first program contains three sequences based on the candidates' academic background: Sequence 1 is for candidates needing enhanced history knowledge, Sequence 2 is for candidates who already completed an education minor as an undergraduate student, and Sequence 3 is for candidates who are highly knowledgeable in the subject matter and are seeking the most streamlined path. The second program for teachers currently holding grades 7-12 social studies certification offers a Human Rights and Restorative Justice approach.
