[Major: Political Science] - [B.A.]

for those with weak math training  
interested in international politics

## Recommended Five-Year Plan (May 2008)

This recommended five-year plan is provided as an outline for students to follow in order to complete their degree requirements within four years. This plan is a recommendation, and students should only use it in consultation with their academic advisor. Students should be aware that this plan assumes that no developmental courses are required. If developmental courses are needed, students may have additional requirements to fulfill which do not appear on the four year plan.

IMPORTANT NOTE: This recommended five-year plan applies to students who are admitted into the major during or after the 2007-2008 academic year and are following the Fall 2002 General Education requirements.
