Present: Lisa Moalem, Avery Forbes, Andrei Jitianu, Monica Duncan, Munira Ayalew, Sekou Drame, Sandra Campeanu

Guests: Sky Castillo, Admissions Specialist in Nursing

Next meeting: TBD

Sky Castillo, Admissions Specialist in Nursing, brought a revised proposal to the committee that called for a 7-year expiry date for Nursing's science pre-requisite courses. The revised policy change proposal now addresses the committee's previous concerns regarding clarification; additional wording edits/amendments were suggested and adopted to make the policy explicitly clear. The committee then voted to unanimously approve the amended, revised policy.

Respectfully submitted,
S. Campeanu
