4. **Rationale (Explain how this change will impact the learning outcomes of the department and Major/Program):**

The removal of Introduction to Macroeconomics (ECO 166) as a prerequisite for Business Statistics 1 - BBA 303 does not affect the content covered in the course. Business Statistics 1 course does not depend on or require prior knowledge of

macroeconomics theory to understand the core theory and the relevant subject matter covered.

5. **Date of departmental approval:** 3/28/2025
