# <u>LEHMAN COLLEGE WIFI NETWORK CONNECTION</u> <u>CONFIGURATION STEPS FOR WINDOWS 10 OPERATING SYSTEM</u> <u>[ UPDATED 07/2023 ]</u>

## STEP 1:

Move your mouse pointer to the lower left side of the screen on the task bar, and click on the globe icon that represents the internet icon.

#### STEP 2:

Click the Wifi Network ID Name (SSID) that reads "**lehman\_college**", and check or tick the box that reads "**Connect automatically**". Next is to click the "Connect" button.

#### STEP 3:

Type in your **Lehman360 login credentials**, which is in the form of your *firstname.lastname* and then type in your password as well. Click on "**OK**", after typing in your information.

### STEP 4:

Click on the "**Connect**" button and wait to be connected to WIFI network. It should say "*Connected, secured*", when it successfully connects to the network.

#### STEP 5:

Test out the connection. Open up your browser (Google Chrome, Firefox, or Microsoft Edge) and type in a website you wish to connect to (eg. <u>www.lehman.edu</u> or <u>www.google.com</u>) and the website should open up like you can see in the image below.
