Lecturer

Dr. Martin Nekola

Researcher

Historian

Political Scientist

Election Observer

Join us to learn the current political developments in Europe after Russia's 2022 invasion of Ukraine which led to thousands of civilian deaths and destruction of the country. We'll ask: Could it have been possible to avoid the war?

How were Ukrainian refugees received and how did the conflict change lives in neighboring countries?

What will be the impact for Europe in near future?

Carman Hall, Room B36

250 Bedford Park Blvd W, Bronx, NY 10468
