Science Learning Center (SLC) Workshops

SLC workshops review lecture material for select courses in the natural sciences at Lehman. Dates and times TBA. No registration is required. Please call (718) 960-7707 for more info.

COURSE REVIEW WORKSHOPS

BIO 166/7: General Biology I & II (Rojas Villa)

BIO 183: Concepts of Human Biology (Muntzel)

BIO 230: Microbiology (Moroianu)

CHE 114: Essentials of General Chem (Kundu)

CHE 120: Essentials of Organic Chemistry (Chamala)

CHE 166/8: Gen Chem I & II (Greenberg/McGregor)

Course Review Workshops are conducted 1-2 weeks prior to each exam. Students enrolled in classes eligible for the workshops will receive advance notification via email. Workshops may be offered for additional courses this term.

PEER-LED TEAM LEARNING (PLTL)

CHE 114: Essentials of General Chemistry (Deri/Gonzalez Periche)

CHE 120: Essentials of Organic Chemistry (Gonzalez Periche)

Students in any section taught by instructors participating in Peer-Led Team Learning may attend PLTL workshops. PLTL Workshops will be conducted twice each week, and are course- and instructor-specific. However, students in other CHE sections are welcome to attend. Workshops are either in-person, online, or both.

Supplemental Instruction (SI)

Supplemental Instruction (SI) offers peer-led review sessions for selected "traditionally difficult" courses. Sessions meet twice per week, and are facilitated by a trained SI leader. Each session will reinforce your understanding of

key concepts and provide methods for studying more effectively. To find out whether there's an SI session for your course, ask your professor, check your course on Brightspace, or consult the SI course list on our website, www.lehman.edu/issp.

Academic Coaching

One-on-one meetings with an academic coach can help you achieve your academic and personal goals. The program also offers a workshop series. Areas addressed include time management, study skills, test-taking and more. For details, visit <https://tinyurl.com/LEHmycoach>.
